Suppliers of Quality Free Range and Organic Table Birds

## BARBARY DUCK

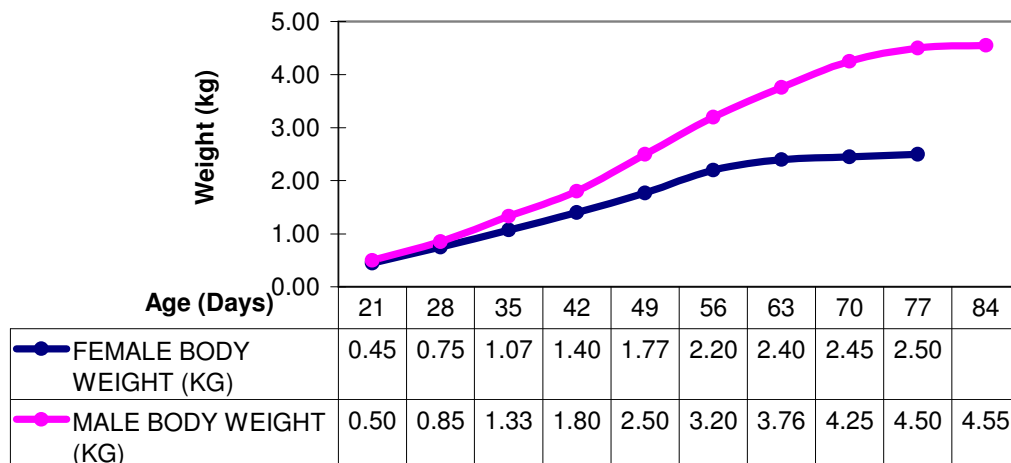

Typical of S&T Poultry this Barbary is specially selected for its strong flavour and firm texture coupled with superb growth statistics.

Our Barbary's, known as the ST4 Compact, come from the Mésangère Hatchery in France with rigid hygiene controls and a strict breeding programme which provides such a superb duck.

Compared to a conventional duck, it is far slower growing with a lower fat content with weights achieving over 4.5kg\* for males with a breast weight of 450g\*.

**Barbary Growth Curve\***

\* These results are indicative performance subject to seasonal effects and local rearing conditions
